CASE NO.
8775

O R D E R

On March 25, 1983, Montgomery County Water District No. 1, ("Montgomery County"), by counsel, filed its Motion requesting a deviation pursuant to 807 KAR 5:011, Section 13 relative to notice of the proposed rate adjustment.

The Motion states that Montgomery County did not receive a copy of the Administrative Regulations of the Commission concerning the requirement that the proposed rates be published prior to the filing of the application (first of three consecutive weekly publications) and, therefore, the proposed rates were not published prior to the filing of the application on February 23, 1983.

The Motion further states that Montgomery County will publish the proposed rates for four consecutive weeks rather than three consecutive weeks as required by 807 KAR 5:011, Section 8,

said publication to occur on March 29, April 5, April 12, and April 19, 1983.

The Commission, having considered the Motion and being advised, is of the opinion and finds that good cause has been shown and that a deviation should be granted pursuant to 807 KAR 5:011, Section 13.

IT IS THEREFORE ORDERED that the Motion of Montgomery County be and it hereby is sustained.

Done at Frankfort, Kentucky, this 29th day of March, 1983.
